CENSUS OF ENGLAND AND WALES, 1901.

INDEX OF NAMES OF PLACES.

EXPLANATORY NOTES.

The name and population of every area or place in England and Wales dealt with in the Tables of the Census County Volumes are given in this Index (see list on page 1), as well as the County and Registration District or Sub-District in which such place is situated; the respective pages in the County Volumes, on which further particulars may be found, are also specified.

In addition, the names of many places having no definite boundaries, such as villages, hamlets, localities, etc., for which the population was not separately ascertained, will be found in the Index; the letter "n" is placed after the names of these places to indicate that the reference in each case is to a note on the page stated.

The name of the County given in Column 2 denotes the County Volume in which particulars of the places may be found. In cases, however, where the name of the Administrative County in which such places are situated differs from that of the County given in Column 2 the name of the former is added in Column 1 in italics. The names of County Boroughs are also stated after the names of the Civil Parishes and localities situated therein. Where a reference is made to two or more County Volumes the Administrative County is printed in Column 2 in italics.

EXAMPLES.

Name of Parish, Township, etc.	County.	Description.	Population, 1901.	Situation.		Page of County Volume.
				Reg. District and Poor Law Union.	No. of Reg. District and Sub-District.	
1. Abbots Bromley	Staff.	Civ. P.	1,318	Uttoxeter	366 : 2	27
2. Ailsworth (*Soke of Ptrb.*) ...	Nthptn.	Civ. P.	251	Peterbro'	167 : 2	29
3. Broughton (*Salford C.B.*) ...	Lanc.	Civ. P.	49,048	Salford	465 : 2	55
4. Bucknell	Radnr. / *Salop*	Civ. P.	557	Knighton	611 : 2	8 / 15

In Example 1 is shown the Civil Parish of Abbots Bromley, which is situated in the Administrative County of Stafford and in the second Sub-District of Uttoxeter Registration District (No. 366); further particulars respecting this Civil Parish will be found on page 27 of the Volume for the County of Stafford. In Example 2 similar information is afforded, but the name of the Administrative County (*Soke of Peterborough*) differs from that of the County Volume (Northampton) in which particulars of this Parish may be found. Example 3 is a Parish situated in a County Borough. In Example 4 reference is made to two County Volumes: the Administrative County (*Salop*) is printed in italics.

Owing to the number of compound names, and to the want of an absolute authority for the orthography of the names of places, there is much difficulty in compiling an alphabetical index that will afford a ready reference in all cases. This difficulty is especially experienced in dealing with names which have such prefixes as *Great*, *Little*, *North*, *South*, *East*, *West*, *Old*, *New*, *Saint*, etc., etc. In some cases these prefixes have become incorporated with the names, as in *Littlehampton*, *Northallerton*, and *Easthampstead*; while in others the prefix is sometimes written separately and sometimes not, as, for example, *New Church* or *Newchurch*, *West Leigh* or *Westleigh*. In this Index each name will be found in the place indicated by its ordinary pronunciation, as *East Ham*, *West Ham*, *Little Bampton*, *Nether Witton*, *Saint Albans*, etc., while in most cases, in view of the uncertainty as to the degree of importance that attaches to the qualifying prefix, the name is also to be found under its sub-

stantive portion, as *Bampton, Little*, etc. Ecclesiastical Parishes or Districts having a definite and distinct name are indexed under such name; but, if the Parish is only known by the name of the Saint to which it is dedicated, it may often be found under the name of the town or locality of which it may form part.

Registration Districts are generally co-extensive with the Poor Law Unions of the same names; but in the few instances in which two or more Unions are included within one Registration District, the name of the Union is added, in the case of a Civil Parish or of a locality included therein, to that of the Registration District in Column 5.

The expression "Civil Parish" means a place for which a separate Poor Rate is, or can be, made, or for which a separate Overseer is, or can be, appointed.

The populations of areas, the boundaries of which have been altered between the date of the Census and 31st March, 1903, are shown in footnotes.
